

Quick Start – LogPlot – Single License

Installing LogPlot

You must have Administrator privileges to install and license LogPlot. The program installs as a “Trial” version which can be unlocked to turn off the trial’s day/use counter.

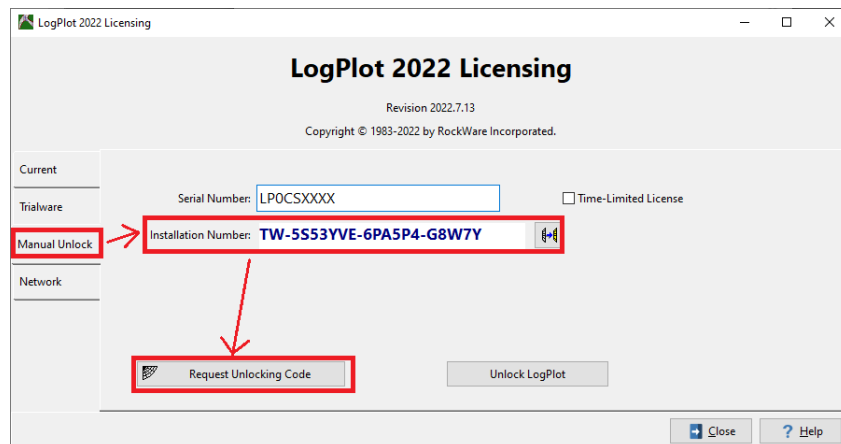

1. Visit www.rockware.com and click on the [Downloads / Product Updates / LogPlot](#).
2. Scroll down to the LogPlot20XX item and click the **Download** link.
3. **Save** the installation program to your computer.
4. When the download is complete, **double-click** on the installation file to start the installation. Follow the recommended installation settings.

Licensing LogPlot

1. When installation is complete, start the program. The main LogPlot window will be displayed.
2. To set up the license at this time, click the **Help** menu and select **Change Licensing**.
3. In the LogPlot licensing window:
 - a. **License Type:** On the left side of the window choose **Manual Unlock**.
 - b. **Installation Number:** **Right-click** on this long set of numbers and letters and choose **Copy**. We will use this to calculate your unique unlocking code.
 - c. **Request Unlocking Code:** Click this button and you will be delivered to RockWare’s web registration page.

Customer Portal: Use this link at the top of the page to request a real-time unlocking code via the RockWare Customer Portal. First time visitors will need to create an account with your **email** and **Serial Number** (issued at time of purchase). Existing Portal users can log in with their username and password. Once logged in, locate the license being unlocked, click the **Unlock** button, and supply the requested information. Refer to the **HELP** video for information.

Registration Form: Otherwise, use this form to request your unlocking code via email. Supply your **Serial Number** (issued at time of purchase), the **Installation Number** and your **contact information**. We’ll reply within one business day via email with the unlock code. If there is a time lag until you receive the unlocking code, you can use the program fully-functional in trial mode.

4. **Unlock the program:** When you receive your unlocking code from RockWare online or via email, start LogPlot. Click **Help / Change Licensing**, and fill in the prompt – **Serial Number** and then select the **Unlock LogPlot** option. Paste your **Unlocking Code** in to the window and select **OK**. The licensing status will be displayed in the LogPlot Licensing window as well as in the title bar at the top of the program window.
